We follow in Christ's footsteps

16th February 2026

Dear Parents and Carers,

YEAR TWO MATHS BOOSTERS

At St. Patrick's, we place great emphasis on the importance of arithmetic skills. Good mathematical fluency and an ability to work quickly with number are key elements in children's mathematical success.

In order to ensure that we support children with the development of these skills, we are providing targeted mastering number booster sessions for some Year Two children after school, starting from after half-term.

I feel that your child would benefit from some extra support with maths and so would like to invite them to attend a block of small group support sessions. The sessions will run after school on **Thursday evenings until 4:00pm**. They will begin on **Thursday 5th March** and will run until Easter.

Children will need to be collected, after these sessions, from the main entrance at 4:00pm.

These sessions should be extremely valuable to your child. I would be grateful if you could encourage your child to attend.

You can confirm your child's space for this booster through the 'clubs' section on your Arbor account. If you have any difficulties booking your child's space, or if your child is unable to attend these sessions, please contact the school office

Many thanks for your support,

Miss E Parry
